DON'T MISS THIS MEETING !

The WELLESLEY AMATEUR RADIO SOCIETY will hold its January meeting on Tuesday, January 9th at 7:30 PM in the Club Room, located in the basement of the Wellesley Hills Branch Library.

It is a pleasure to have club member, Henry Cross, W100P speak to us on the "Field Effect Transistor and RF Overload". Did you see Henry's article, "An Obsolete 50 MC Mobile Receiver" in the November and December 1967 QST? This meeting should be most worthwhile. Please plan to mark the date in the log.

Jack and Pam Rathmell's Novice Course will begin on Thursday, January 18th at 7:30 PM. Do you know anyone interested in the Novice exam? Why not encourage them to take this course?

Hank Robinson's General Course is going well. He will also welcome new members.

The Club welcomes anyone interested in either the monthly meetings or other Club activities.

PLAN TO BRING A FRIEND

Wellesley Hams to Meet Tuesday Night

The Wellesley Amateur Radio Society will hold its January 9 meeting on Tuesday, January 9 at 7:30 p.m. The Club meeting room is located in the basement of the Wellesley Hills Branch Library. Club member Henry Cross, W100P will speak on the "Field Effect Transistor and RF Overload."

Beginning Thursday, January 18 at 7:30 p.m. the Society will offer a free course for the preparation for the Novice FCC License. Those desiring further information may contact Walter Leuk, Club Secretary at 237-9289 or come to the Club Room on the night of the Class.

Anyone interested in amateur radio is encouraged to attend the monthly meetings or other Club activities.
